Powerful AI Features

Manaska doesn't just create mind maps—it understands context, relationships, and helps you think better.

Smart Organization

AI automatically categorizes and structures your ideas into logical hierarchies

Relationship Mapping

Discovers hidden connections between ideas and visualizes relationships

Idea Enhancement

Suggests related concepts and expands on your initial thoughts

Frequently Asked Questions

How does the AI mind map generation work?

Manaska analyzes your raw ideas and text input, then intelligently organizes them into structured mind maps with relevant connections, categories, and visual layouts.

What makes Manaska different from other mind mapping tools?

Manaska uses advanced AI to automatically organize and structure your ideas, suggest connections, and enhance your thoughts - making mind mapping faster and more intelligent than traditional tools.

What file formats can I export to?

Free users can export to PNG. Pro and Enterprise users can export to PNG, PDF, SVG, and popular mind mapping formats like FreeMind and XMind.

Is there a free trial for paid plans?

Yes, we offer a 14-day free trial for the Pro plan. No credit card required to start your trial.

How accurate is the AI in organizing ideas?

Manaska is trained on millions of mind maps and continuously improves. It achieves 95%+ accuracy in idea categorization and relationship mapping.

Ready to Transform Your Ideas?

Join thousands of creators, students, and professionals who are already using AI to organize their thoughts and boost their productivity.
