Everything you need

Powerful features that make mind mapping effortless

Import anything

Paste text, upload documents, or input any content. Manaska works with PDFs, articles, notes, and more.

Instant processing

AI analyzes and structures your content in seconds, identifying key concepts and relationships automatically.

Export everywhere

Download as PNG, PDF, or editable formats. Use your mind maps in presentations, documents, or other tools.

How it works

Three simple steps to transform your content into mind maps

Input your content

Paste text, upload documents, or type your ideas directly. Any format works.

AI processes

Manaska analyzes your content and identifies key concepts, themes, and relationships.

Get your mind map

Receive a beautiful, structured mind map ready to use, edit, or share.

Ready to get started?

Join thousands who've transformed their brainstorming with Manaska.
Create your first mind map in seconds.
